# Keene Xander Y. Brigado

+63 905 236 7965 | brigadokeene@gmail.com | linkedin.com/in/keene-brigado | koala3353.github.io/portfolio | San Juan, Philippines

Management Engineering student who helps startups and growing businesses cut manual work and make faster, data-backed decisions through process automation, financial modeling, and AI-assisted development.

## EDUCATION

**Ateneo de Manila University** - B.S. Management Engineering — Quezon City · Expected Jun 2029
*QPI 3.56 · Director's List · 2× Dean's Lister*

**Grace Christian College** - STEM, Engineering Track — Quezon City · Jun 2025
*GPA 96.17% · Top 4 of batch · Honors Class*

## EXPERIENCE

**Ritual Matcha Co.** — Remote
*Business Systems Consultant* — *Jul 2026 – Present*

- Cut **2-minute dashboard loads** and headed off timeouts projected within a year by self-initiating and leading RMC's backend migration to **Supabase (PostgreSQL) and Cloudflare**; supervising 1 intern.
- Freed a co-founder from a **1+ day monthly manual report** with real-time dashboards for **PHP 2M+ in monthly sales**, by unifying **8+ Google Sheets** into a Shopify-integrated Apps Script portal.

*Sales Operations Intern* — *Mar 2026 – Jul 2026*

- Gave founders trusted data for demand-based purchasing to serve **500+ café clients** by replacing an unreliable inventory ledger with an Apps Script system tracking **40+ SKUs across 3 locations**.
- Cut request-to-purchase turnaround from **a week to same-day** by digitizing a physical kanban purchase-order process into a tracked system handling **~20 POs per week**.
- Cut PO receiving and tracking-sticker generation from **8 minutes to 1 (-87%)** by refactoring **5+ legacy Apps Script codebases**.

**GoRocky** — Remote
*Growth Analyst Intern* — *Jan 2026 – Apr 2026*

- Secured leadership approval to launch a joint venture by building an end-to-end financial model projecting **PHP 1.7M in monthly EBITDA**.
- Eliminated manual outreach for **1,000+ Viber/SMS messages per week** by building an n8n CRM pipeline.
- Worked directly with GoRocky's German founders at an international startup, learning to collaborate across cultures and adapt to different communication and work styles.

**Klick n Code** — Remote
*Owner & Founder* — *Mar 2021 – Apr 2026*

- Generated **PHP 390K+ profit** from **30+ international clients** through a solo development studio I founded at age 13, building Discord bots and websites.
- Shipped most client projects **within a week** by building a reusable bot framework that cut development time **40%**.

## LEADERSHIP

**Ateneo Celadon** — Ateneo de Manila University
*Associate Vice President of Organization Strategies & Research Department* — *Jun 2026 – Present*

- Trained **100+ members** through 3+ workshops while leading a **17-person department**; built Celadon's first website with an applicant portal, PM toolkit, and the first URL shortener by an ADMU org.

*Project Manager, Recruitment Week and Welcome Week '26* — *Jun 2026 – Sep 2026*

- Generated **PHP 81,770 in revenue** against **~PHP 8K in costs** and recruited **832 members (+24% YoY)** despite record typhoon class suspensions, by directing a **44-person, 6-committee team** through contingency planning and a shorter sign-up flow.
- Drew **350+ users**, **80+ core-team applicants**, and **2x expected tournament turnout** by launching 3 first-time initiatives: ADMU's first Mahjong leaderboard, open core-team recruitment, and a mobile game tournament.

**Ateneo Management Engineering Association** — Ateneo de Manila University
*Recruitment & Secretariat Core Head, LEADS 2627* — *Sep 2026 – Present*

- Replaced Google Forms with MEA's **first custom, story-themed applicant portal** for a 3-day offsite leadership camp by proposing and leading a **5-person** build team.
- Saved **8+ hours of manual work** for **100+ participants** by building a Google Sheets backend that automates tracking, email blasts, and family grouping.

## SKILLS & RECOGNITION

**AI & Automation:** n8n workflow automation, AI-assisted development (Claude, GPT), Model Context Protocol (MCP).
**Technical:** Google Apps Script, Python, SQL (Supabase), JavaScript, React, Shopify, Cloudflare, Excel VBA, Power BI.
**Languages:** English & Tagalog (native); Mandarin & Hokkien (conversational).
**Case Competitions:** Case Consilium 2026 International Semifinalist *(top 4% of 5,861+)*; L'Oréal Brandstorm 2026 National Semifinalist *(Top 24 of 5,000+ teams)*; FUSION 2026 1st Runner-Up *(marketing)*; Nestlé ACTS '25 Top 25 Semifinalist *(sustainability)*. Team Leader in all four.
**Other Awards:** McKinsey Forward Program Graduate; FLL Philippines 2024 1st Place *(robotics)*.
